## Amusement Ride Classification Guidelines

### Type of Amusement Rides

#### Non-Itinerant

Rides including go-karts installed in a fixed location for longer than 12 months.

#### Itinerant

Rides other than non-itinerant.

### Classification of Rides

#### Class A

A coaster ride or similar ride that travels more than 500 metres;  
or  
An amusement ride that has highly complex features or controls.

#### Class B

A coaster ride or similar ride that travels 500 metres or less; or  
  
Has one or more of the following characteristics:

- 1) Transports passengers to a height exceeding 6 metres.
- 2) Tilts passengers more than 45° from the horizontal.
- 3) Has more than 8 passenger carrying units.
- 4) Has a total passenger capacity exceeding 30.

#### Class C

Any adult amusement ride other than Class A or Class B.  
  
Any kiddie amusement ride that has none of the characteristics listed under Class B.
